

10 A.M. Continuation Guide

Explanation

Key Levels

6 A.M. Reversal

10 A.M. Cont.

Examples

10 A.M. Continuation

6 AM Reverses | 10 AM Continues

10 AM Continuation-

- **6 A.M. Reversal Profile**
- **Key Level within the 6 A.M. Candle**
- **10 A.M. Creates Wick Inside key level**
- **SMT Within Key Level**
- **CSD Entry Signature**

10 AM Continuation-

- **One of my favorite 4H Profiles**
- **High Probability with open DOL**
- **Everything Is Aligned**

Key Levels

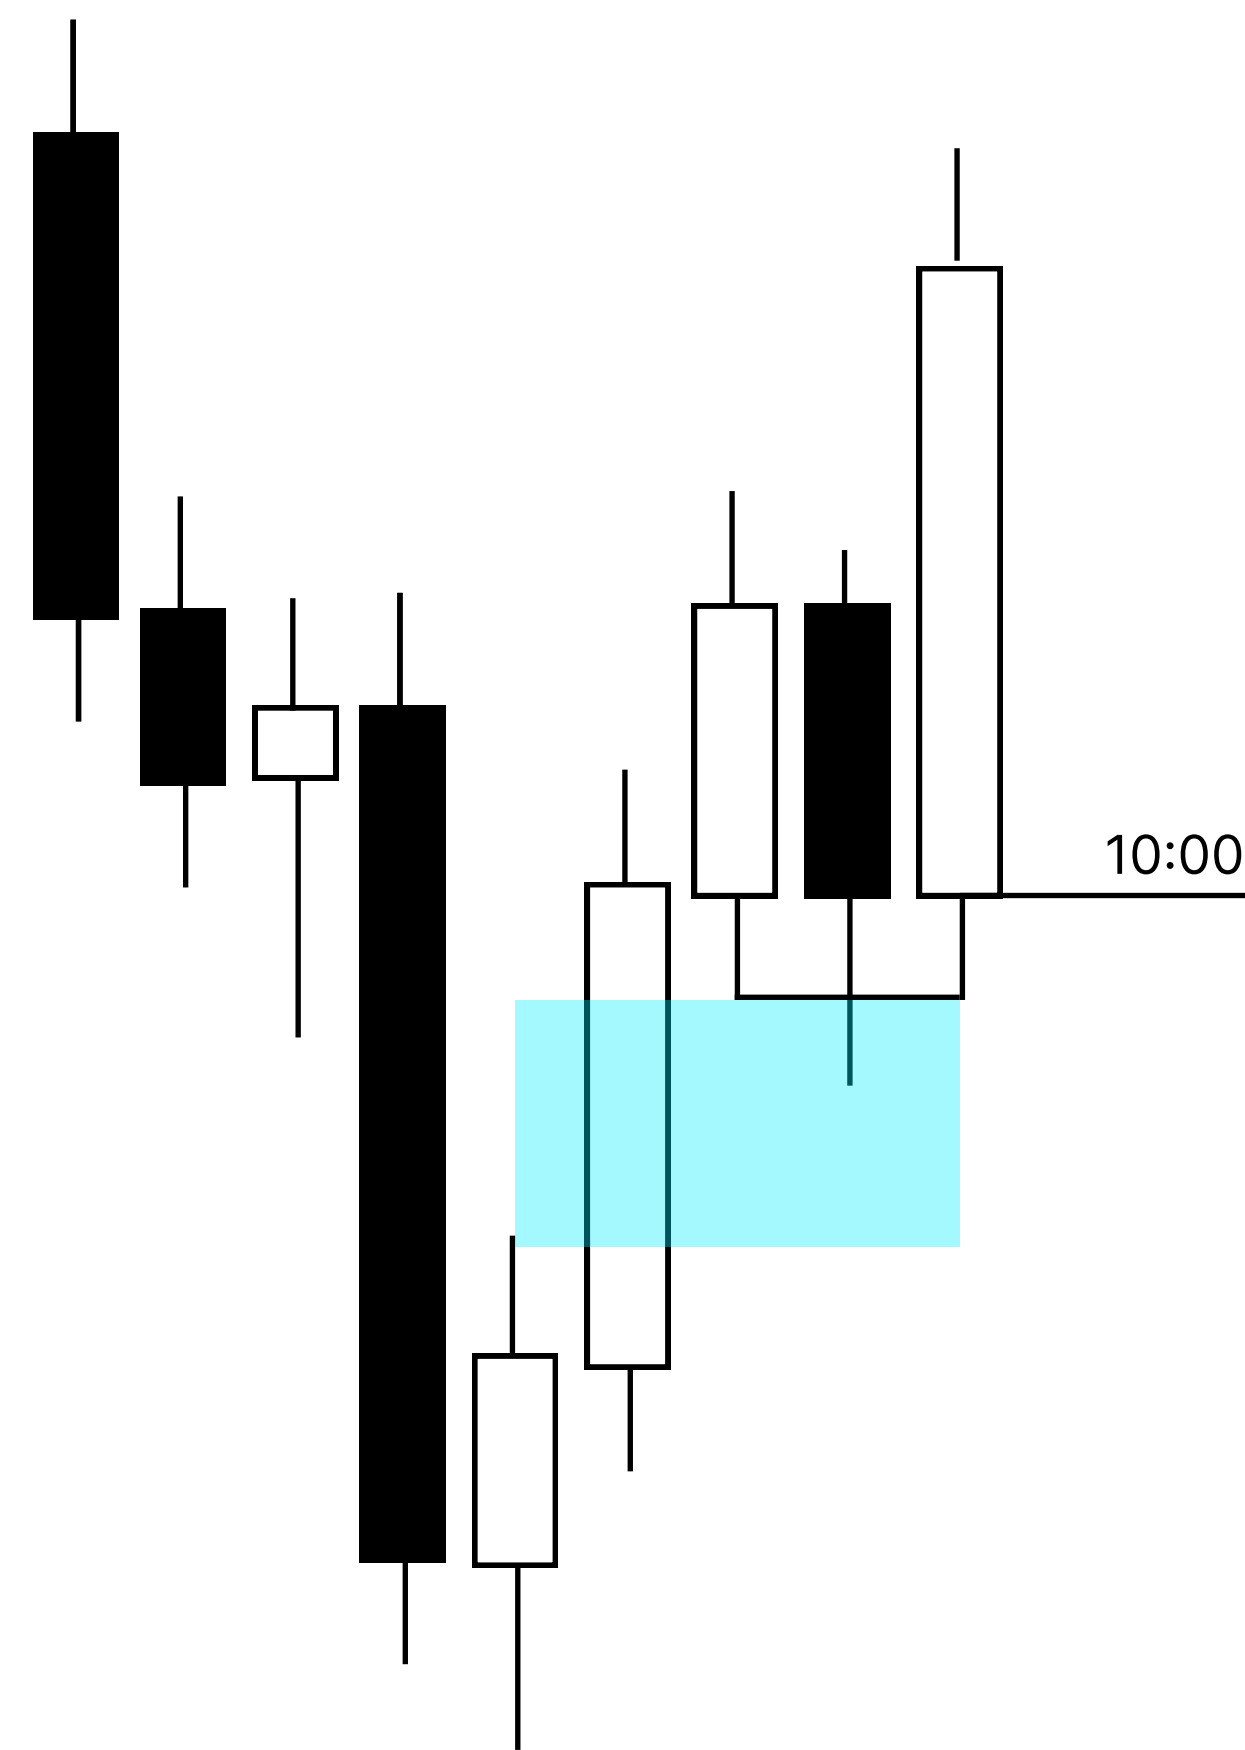

6 A.M. Trades to key level & Reverses

- Gaps
- High / Lows
- SMT

We are not trading the reversal

We are aligning the next 4H candle for continuation

10 A.M. Continuation

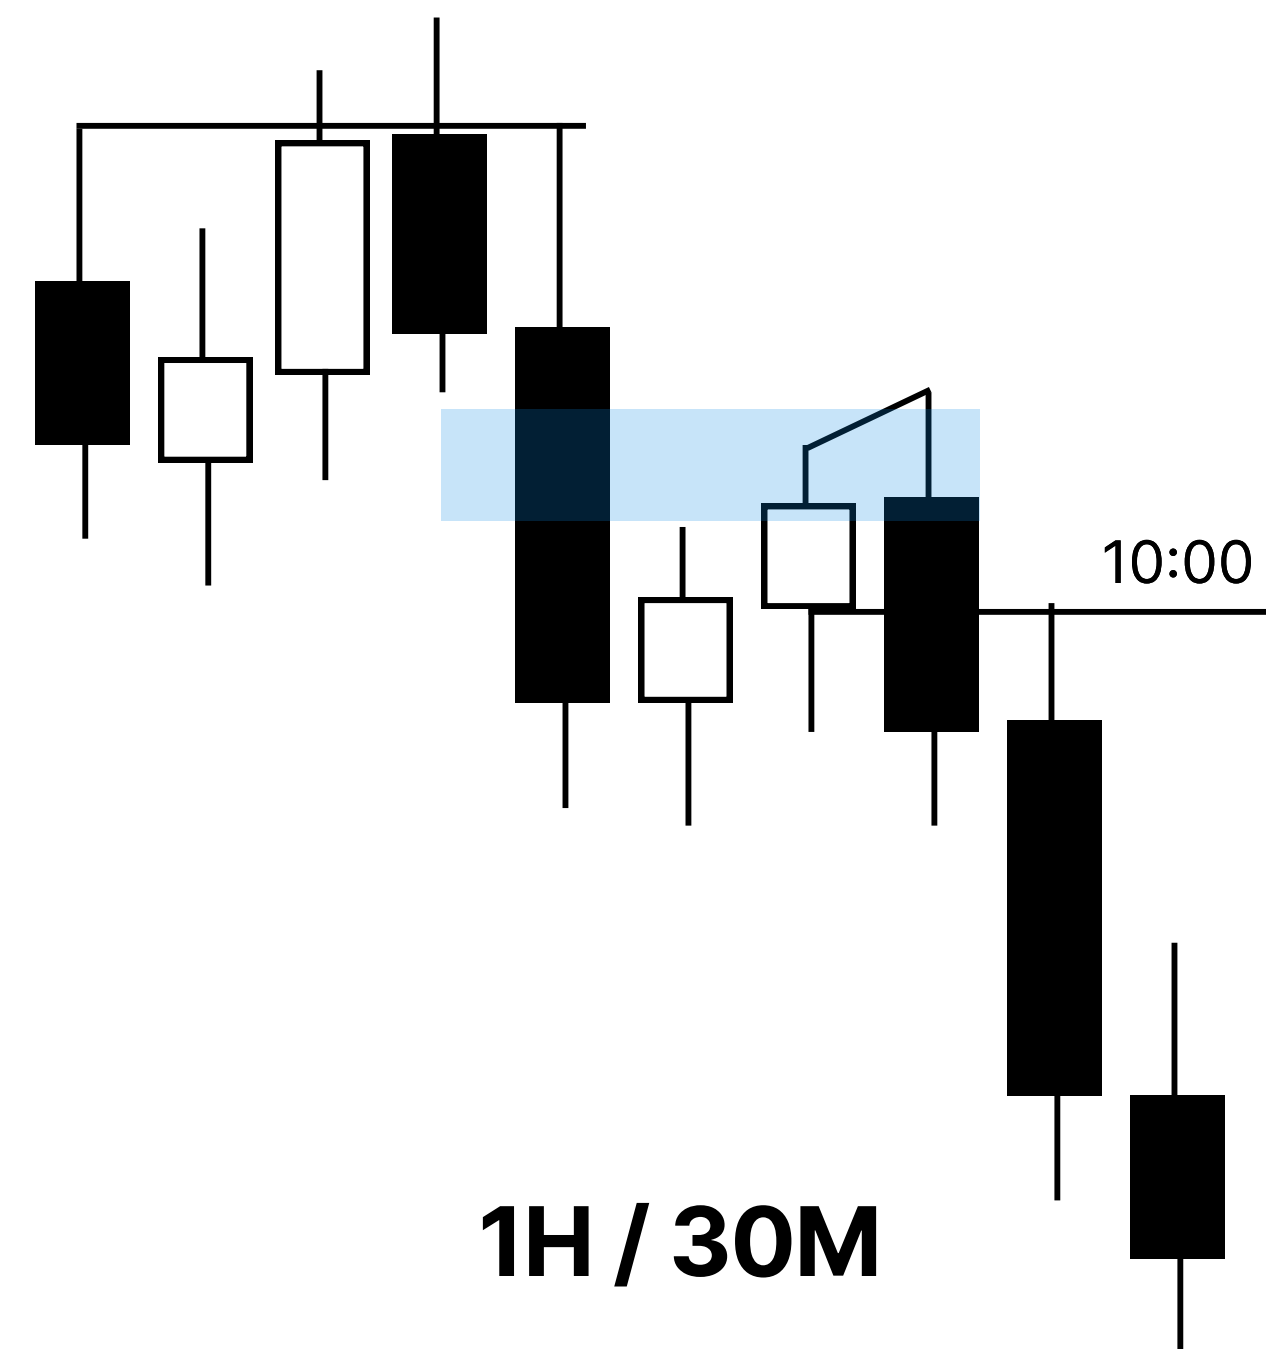

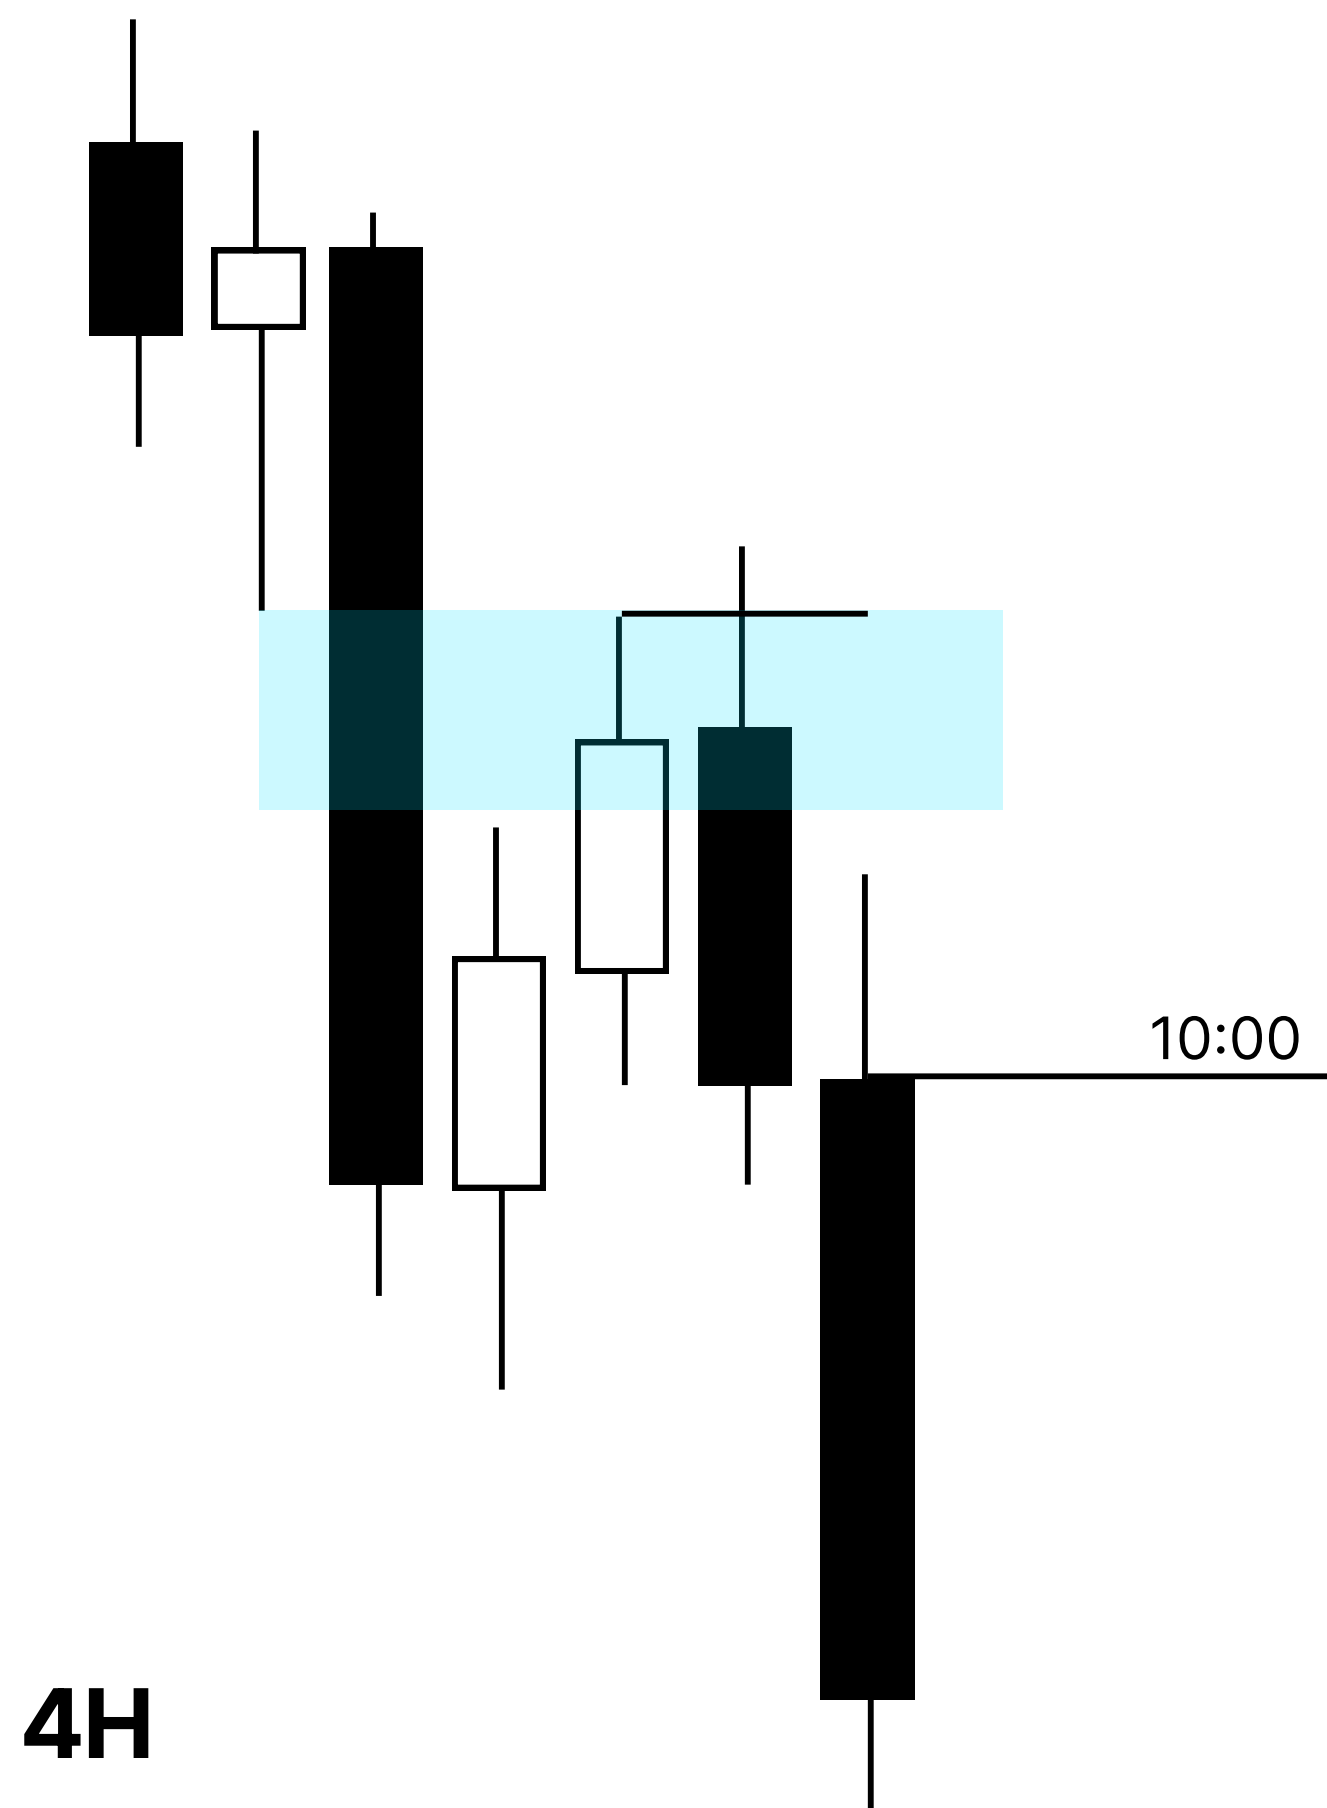

When Looking For Continuation

- We want the 10 AM Wick to be formed in the 50% Of 6 AM Candle
- We want a key level within the 6 AM candle to frame a continuation

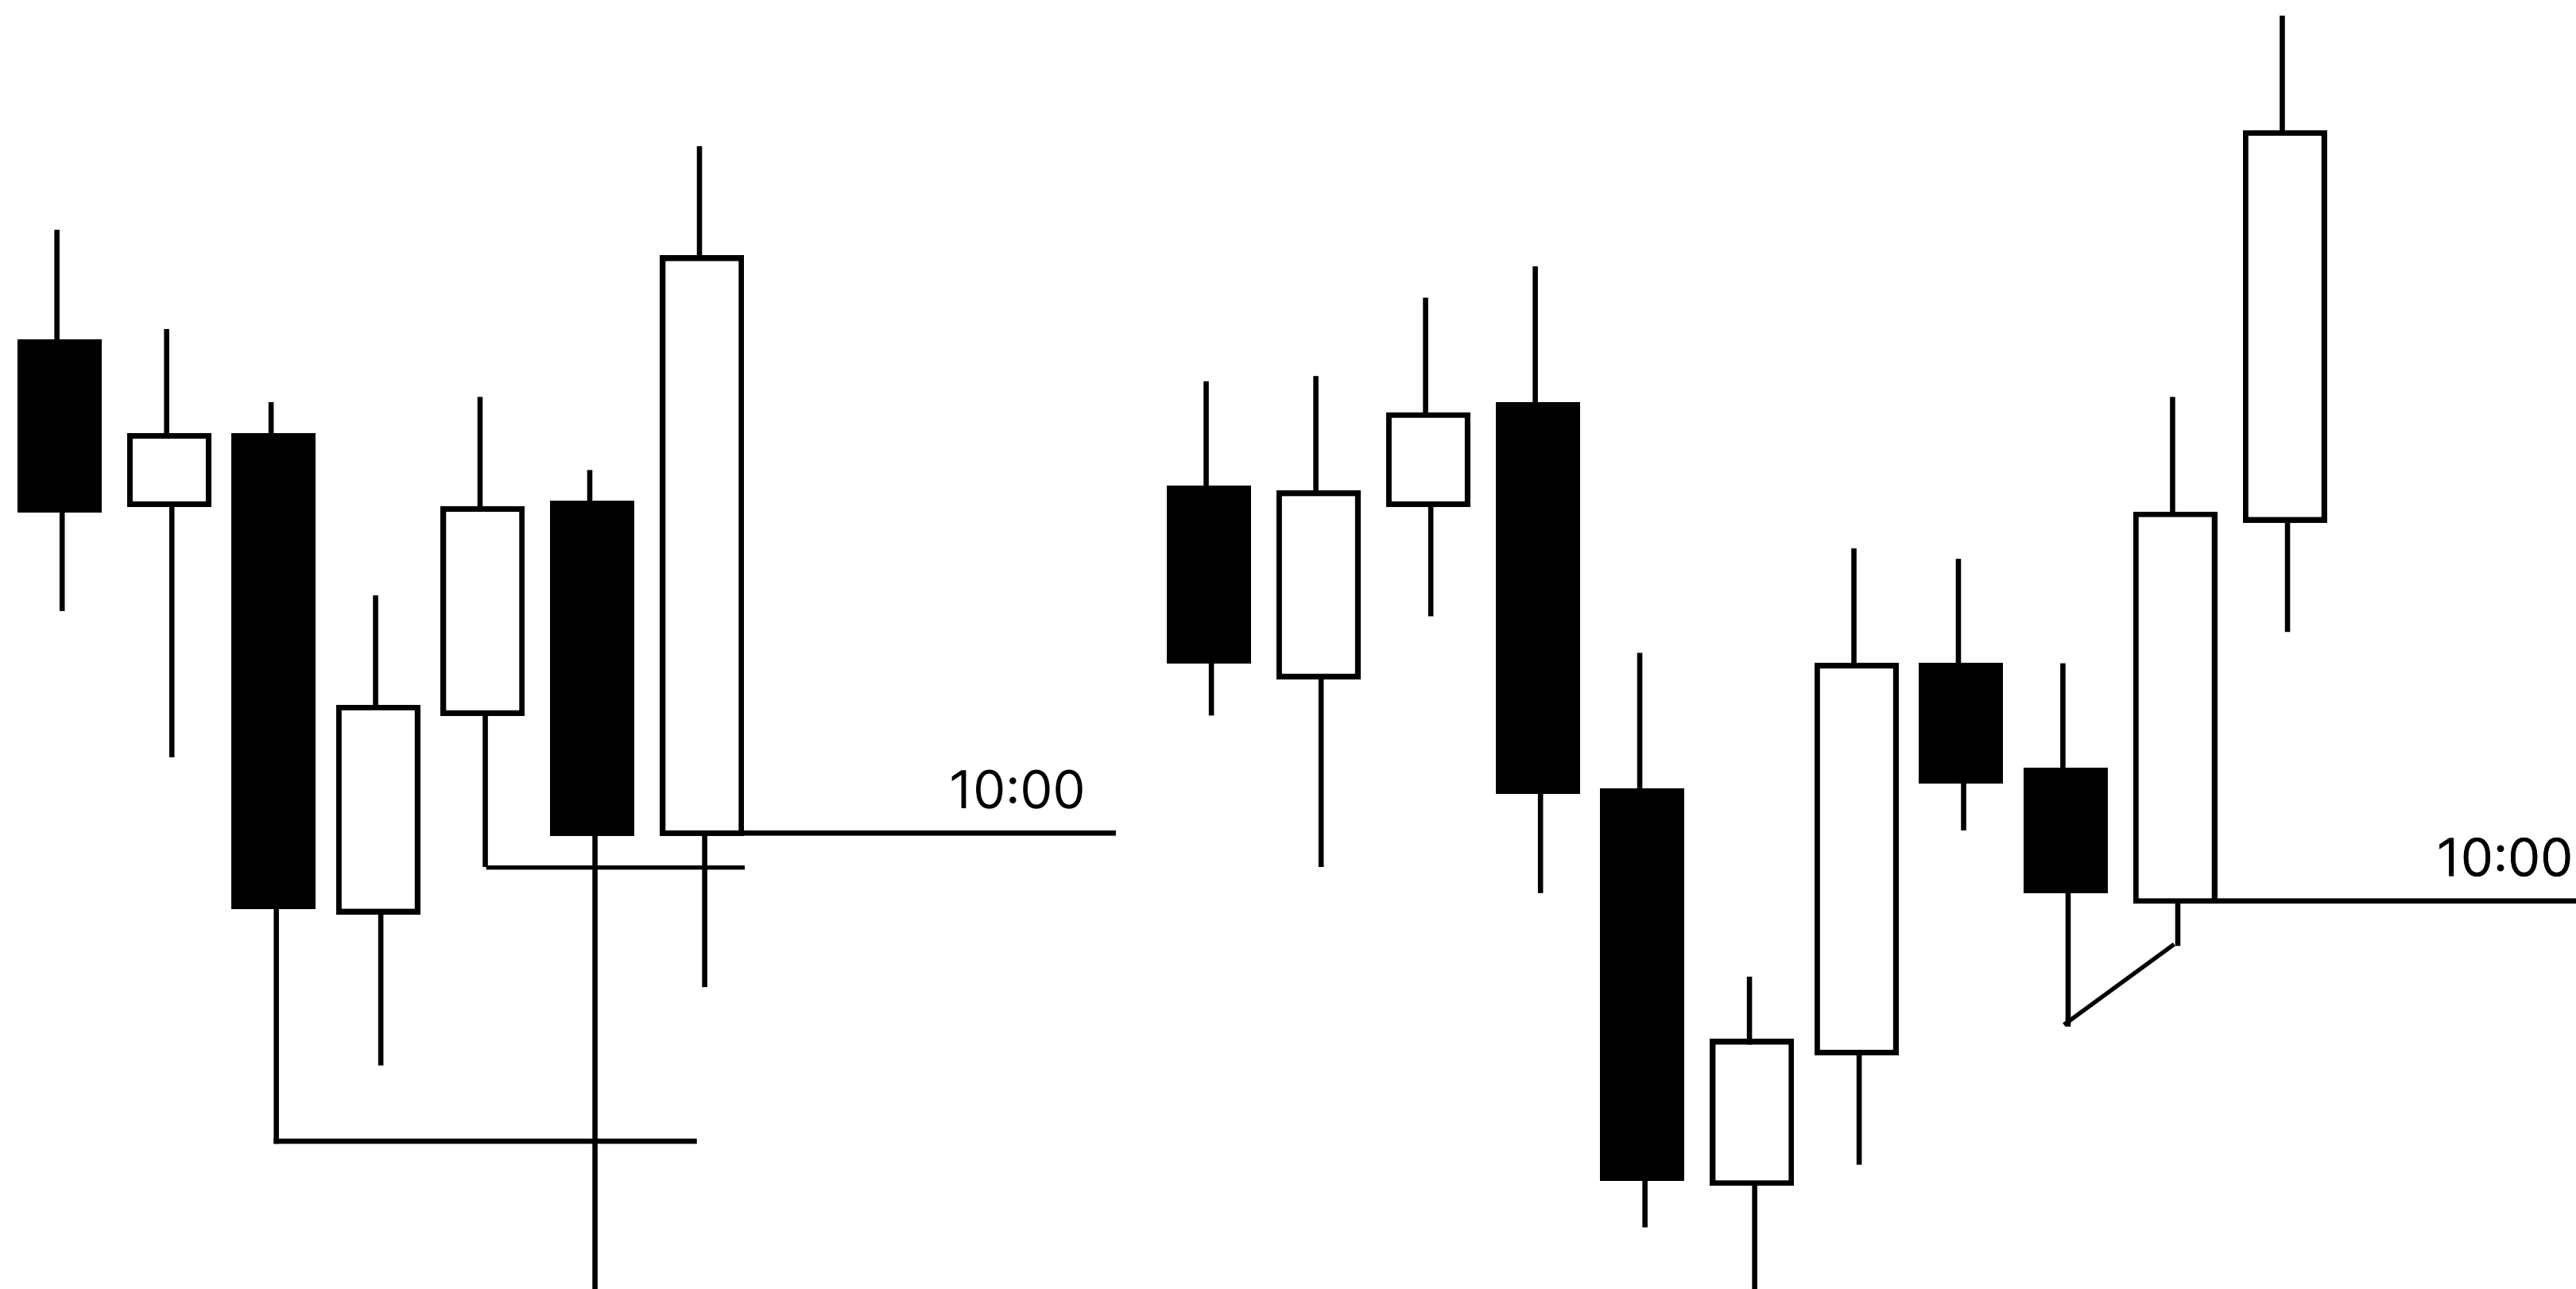

If 10:00 Opens & Expands

- If the DOL is still open you can still wait for a key level.
- You're still trading continuation if you're entering later in the candle.

6 AM Reverses From Gap 10:00 Continuation

1H / 30M

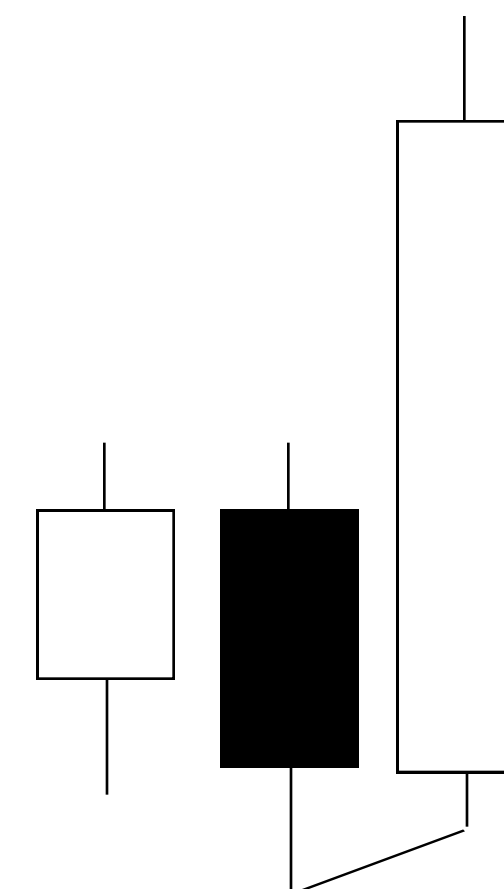

No SMT On 1H / 30M?

You can confirm SMT with PSP on those time-frames OR a 15M previous candle SMT / PSP.
