

Mechanical Daily Bias

Explanation

Daily Charts

**4H Profile
Alignment**

**Putting Both
Together**

Examples

Creating A Daily Bias

Daily Chart:

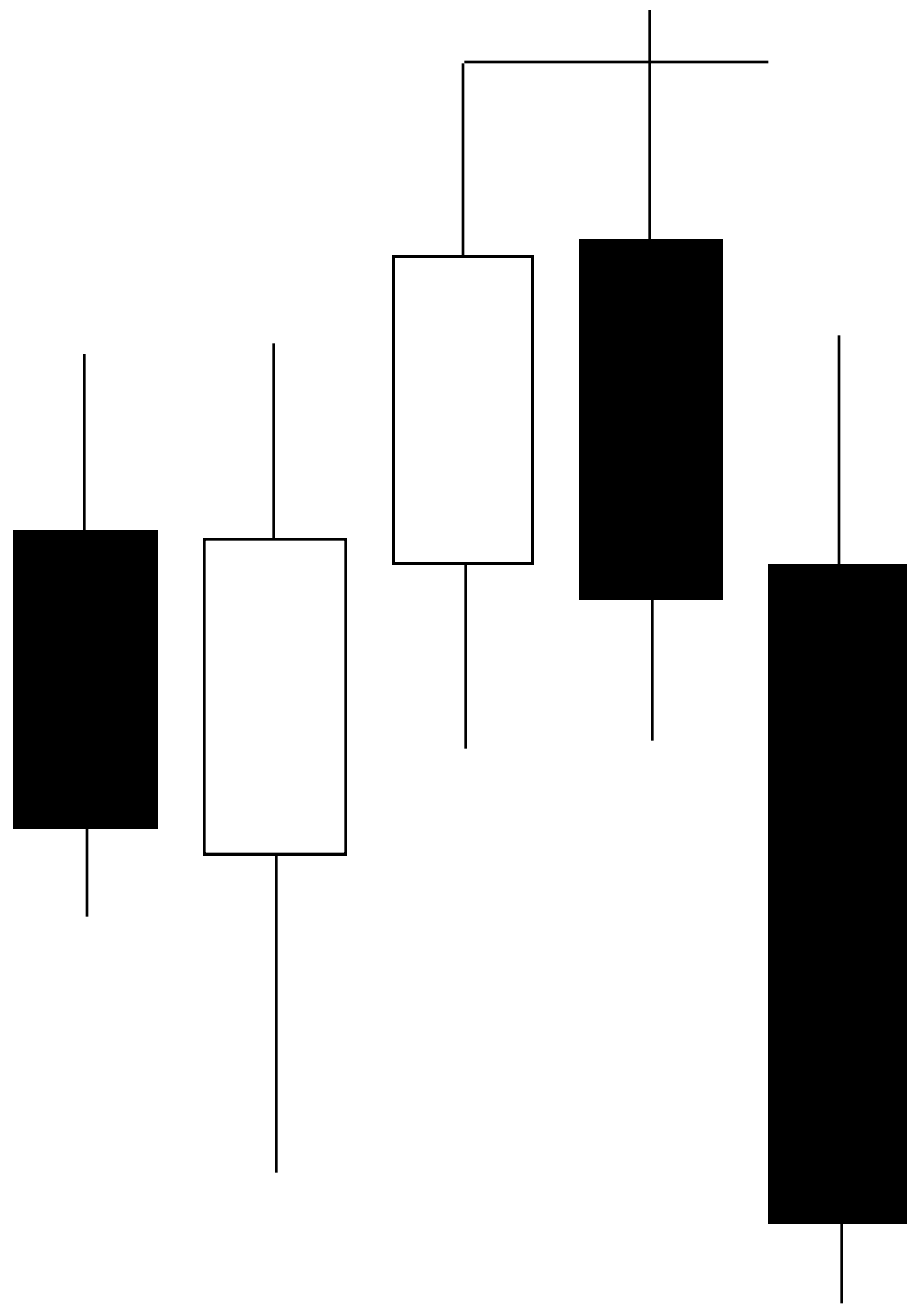

- Daily Key Levels
- Daily Candle Closure
- Draw On Liquidity

4H Aligned:

- 4H Profile
- Aligned w/ Daily

Daily Key Levels

Gaps / Old Highs & Lows / PDH & PDL

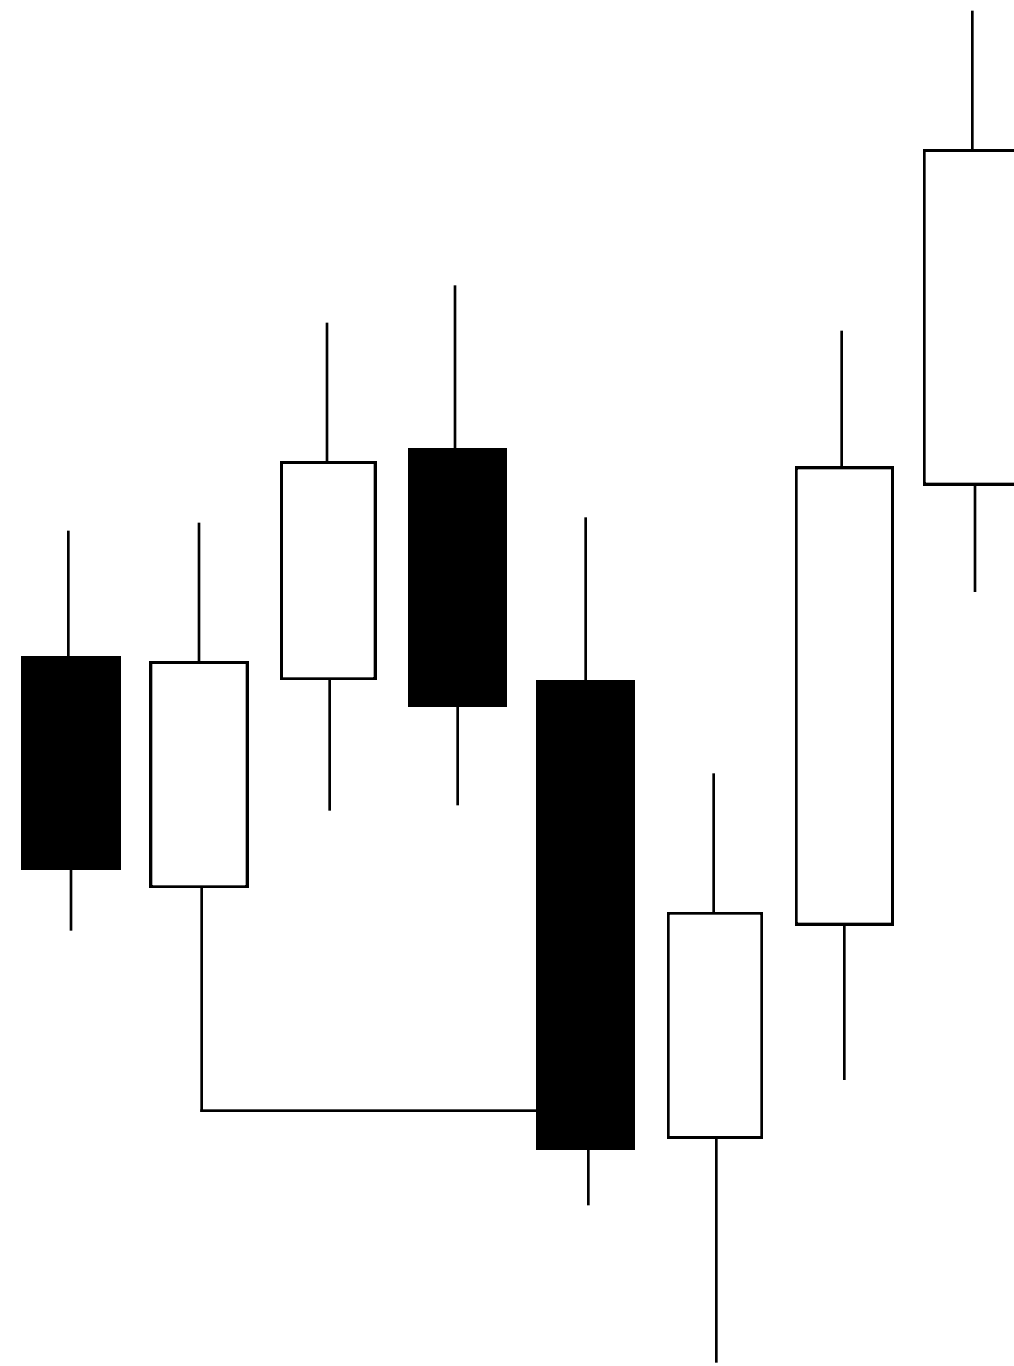

PDH/PDL Closure:

- Reversed From PDH/PDL
- Expect Continuation For Next Candle

Old High / Low

Form a reversal from a old high / low & reverse from it

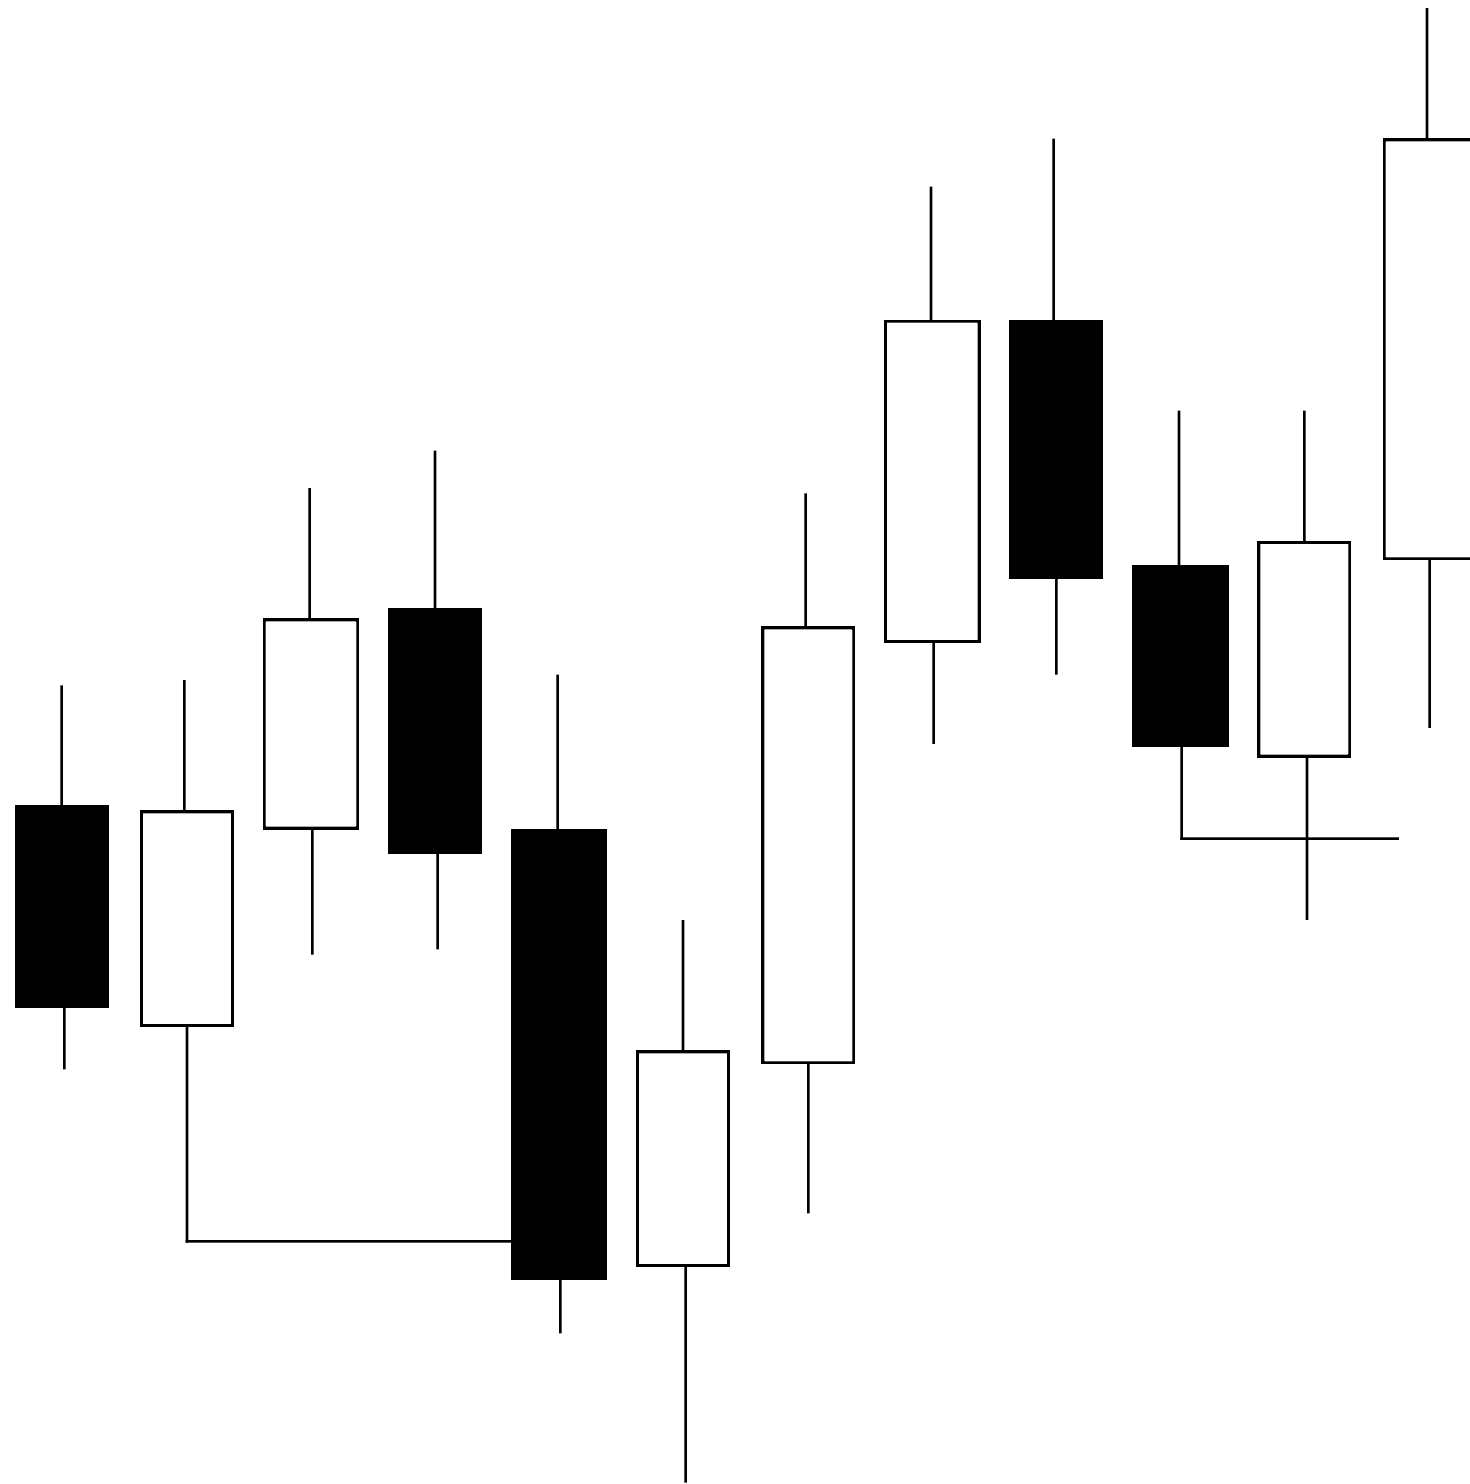

Reversing From Old High / Low:

- Takes a old low or high & reverses
- Expect continuation until next DOL is met

Daily Gap

Price trades into a gap & forms swing formation with reversal

Price Trades Into Gap & Reverses:

- We trade into the gap & form reversal
- Expect continuation until DOL is met

4 Hour Profiles

We align a 4 Hour profile with the daily to create a bias

Daily continuation candle (C3)

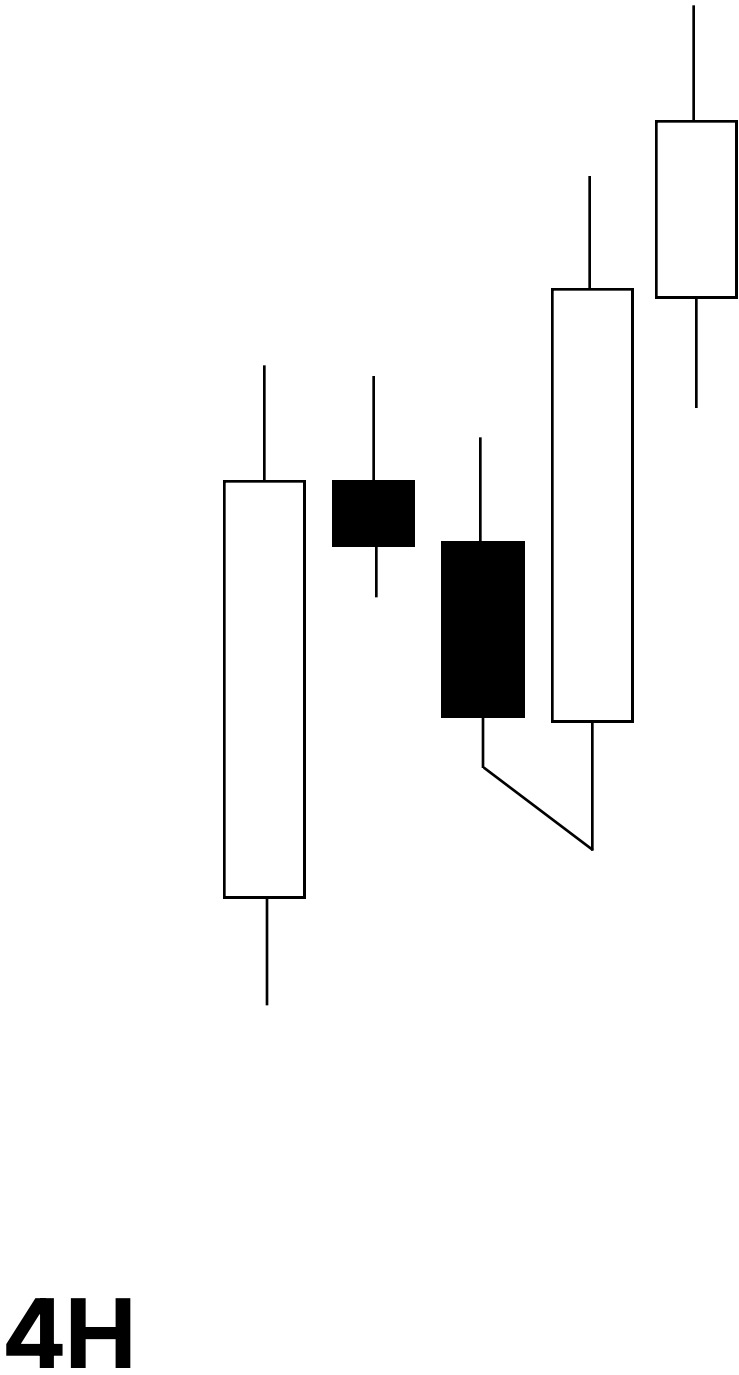

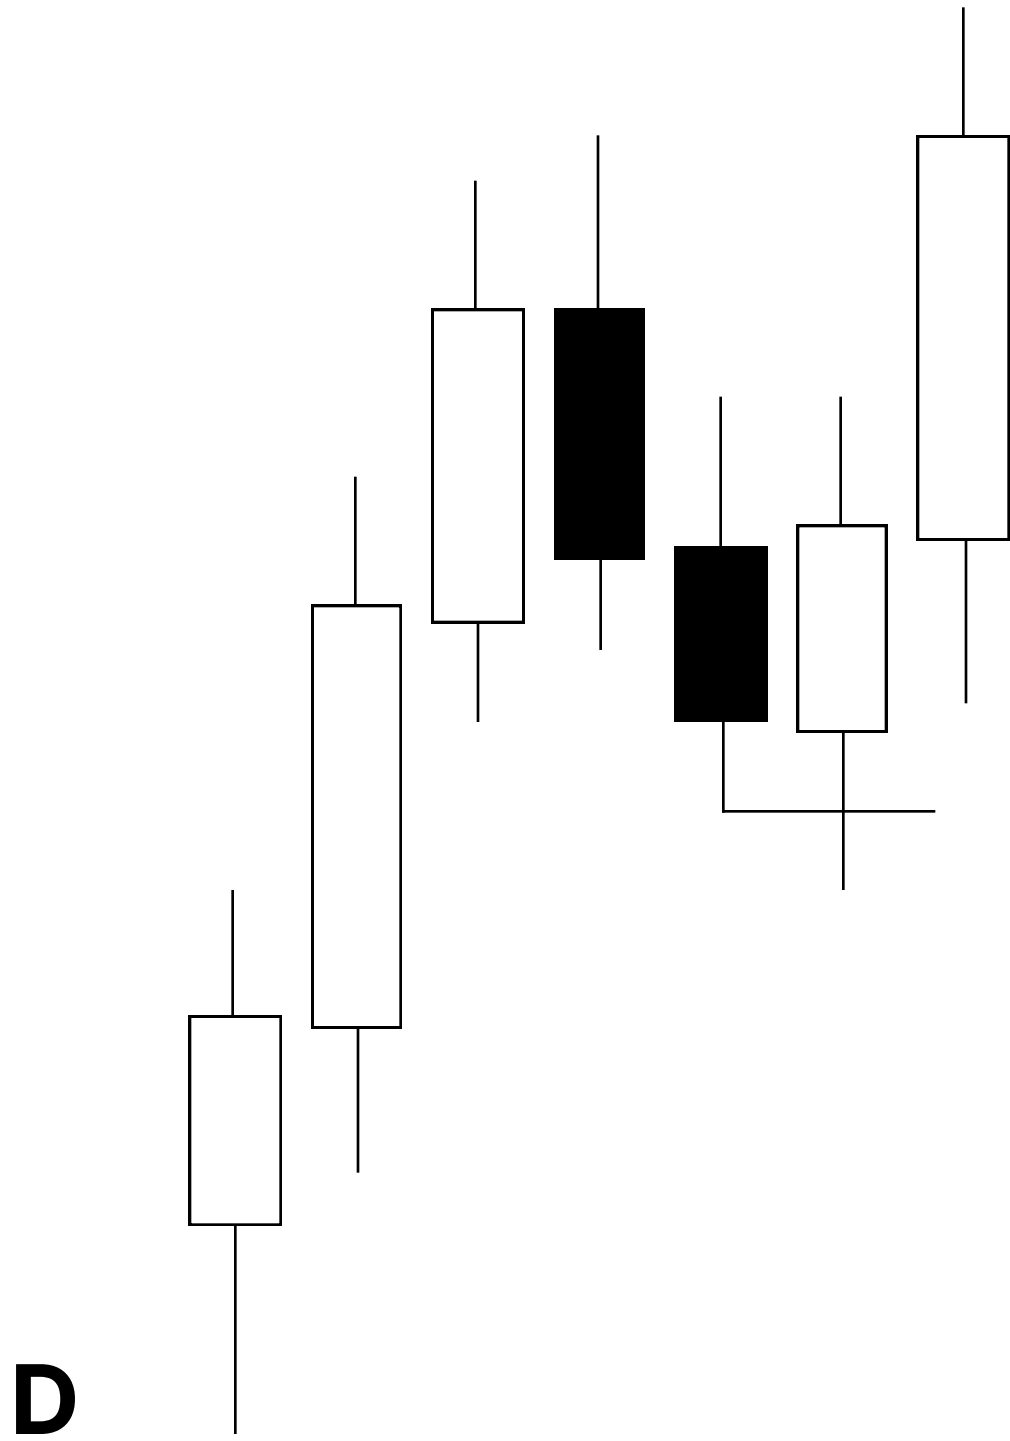

4H Profile supporting-

- **Reversal (C2) w/ SMT**
- **Continuation (C3)**

From Key Level

4 Hour Profile

Daily continuation with a 4H Reversal

Daily Reversal

To trade the daily reversal we need a 4H SMT
